INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

* An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

Jessie Barber,

Sir:-

Replying to your letter of August 16, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, and we cannot state at the present time whether or not you are entitled to share in this fund, or how much each successful claimant will receive.

As there are already over 36,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

San Francisco, Calif.

Sir:

Replying to your letter of November 17, 1909, you are advised that it will not be necessary for you to return to Oklahoma in order to receive your share of the Eastern Cherokee fund, as the money will be sent to you when the fund is distributed.

It is impossible for me, at this time, to state when this fund will be distributed. However, the money cannot be paid out for some time yet, as there have been a large number of exceptions filed to my report, and until these are considered and passed on, and the roll finally approved by the Court no money can be paid.

Very respectfully,

Special Commissioner.

William Mason, being duly sworn, deposes and says:

My name is William Mason. I am 45 years old. I claim my Indian blood through my mother. Her name was ~~Emily~~ Caroline or Ellen Pesterfield. She was born in Monroe County, Tenn. My mother is living but she did not file any claim, as we have been foiled in ^{many} things, and did not know whether it would pay. My mother is about 76 years old. I do not know what year my mother was married. Mary Mason was my mother's daughter. My father and mother were married about 1857. My mother was never enrolled as an Indian. She never drew any money. She claimed through her mother. Her name was Mary Redmond. She was born, I think, in this county. I do not know what part Indian she was. They claimed Cherokee blood. I have heard my mother say that she was Cherokee Indian. I never heard of her having lived with the tribe. My mother's grandmother was a Smith, and died when mother was small.

Bigbee, Miss.

Sir:-

Relative to your application for a share in the Eastern Cherokee Fund, I beg to state that same is very incomplete, and if you wish it further considered it will be necessary that you give us more detailed information with reference to the ancestors who you claim were Cherokees.

Kindly furnish me with full names, both Indian and English, of your parents and grandparents, and if any of them were on the rolls of 1835 and 1851, state under what name they were enrolled. If not on either of said rolls, explain the reason why.

Will you also state the name Adkins on any roll. Were you or any of your ancestors ever a slave? If so, when and where you or they were freed, please state the date and place.

Kindly return your answer to the address above given as soon as possible.

Very respectfully,

Special Agent in Charge.

Nancy Bass's father was an Indian. Nancy Bass was born in Clark County, N.C. He lived and died down in N.C. Joseph Bass, the father of Nancy, and who is my grandfather was a full blood Cherokee Indian. I have heard this all my life. There may have been some colored blood through Joseph Bass's wife, Tempinn Bass. She nor none of my people were ever held as slaves. I know Mary Thompson of Noblesville, she is my sister. Ella Valentine is my niece, she also lives at Noblesville, and gets her Indian blood the same as I do.

App. No. 23483

April 8, 1909.

Kitty Carroll,
Tollico Plains, Tenn.

Madam:-

In reference to application #23483 for minor child to share in the Eastern Cherokee Fund, we note that in the application you appear to make claim for yourself, yet instead of setting up the child's ancestors through his father, you give those of yourself. You state that the child's father and grand father are on the rolls. We fail to find them by the names given in the application. If you claim they were enrolled, state the names under which they were enrolled. If not enrolled, state why.

Where were his father and grandfather living in 1851? Were they or his ancestors ever held as slaves? If so, state whether they were ever sold to or bought from Indians.

Since the above information is the history of the child's ancestors, it is necessary to state the same.

Very respectfully,

Special Agent in Charge.

deposes and says:

My name is Joseph D. Jones. My age is 38 years. I was born in Macon Co., N. C. I claim through my father Joseph M. Jones and through his mother, Rachel Carroll Jones. I think my father was born in Macon Co., Ga. I do not know just when my father was born. I don't know that my father is dead, as I have not heard from him for three years. He was old enough to go in the Civil war. I never heard that he drew any Indian money. We have always passed as white people in the community. I don't know that I ever heard my father speak of having Indian blood. I knew my grandmother, Rachel Jones. I don't remember her speaking of having Indian blood. Miles Carroll said that the Carrolls had Indian blood. I am about a fourth cousin to Miles Carroll. Daniel Carroll was my great grandfather. He told me six or 8 years ago that Miles Carroll told me of my Indian blood. I had never heard of it up to that time. I do not recall that he said what kind of Indian blood I had. A man by the name of Foote came to see Miles and George Carroll, near Madisonville, about a year ago, and he was the one that told them about their Indian blood. He collected \$75.00 from them. I

Sir:-

Relative to your application for a share in the Eastern
Cherokee Fund, kindly state why the name of your father does not
appear on the Cherokee roll of 1851, and by those of your other
ancestors through whom you claim your Cherokee blood and who were
living in 1835 and 1851, do not appear on the Cherokee roll of
those dates.

Do you claim any Cherokee descent whatever through your
other? If so, set out the source of the same.

Was your father or any of your other ancestors ever held as
slaves? If so, state by whom they were held.

Kindly send this office the full history of your
Cherokee ancestry.

Very truly,
Yours,

Sam Brackett,

Reliance, Tenn.

Sir:

With reference to your application for participation in the Eastern Cherokee fund, and referring to your letter of April 17th, 1908, in regard to the same, in which you stated that Nathan or Nathaniel Archfield drew land and money, and also that the were enrolled, I desire to ask you to state specifically at what time and at what place they were enrolled.

Here and at what time did they draw the land and money that you speak of? Also state where the ancestors that you claim through were living in 1845-6 and 1846, and whether or not they were at that time recognized as members of the Cherokee tribe. An investigation of the rolls of 1835 and 1851 does not disclose the name of Archfield. I would please advise this office as to what roll you had in mind when you stated that they were enrolled. Be specific in your answer and in replying refer to No. 20483.

Very respectfully,

Special Commissioner.

Order:

Re: In re your letter of July 25, 1909, asking
inquiry as to why your daughter, Vera E. Benthitt, was not
admitted with you and your other children, you are advised
that as she was married prior to the filing of the application,
and as she was then considered as a minor, she should have
filed a separate application, as such is the element was required
to do.

As your daughter, Mrs. Vera E. Benthitt, was
admitted for the reason that she filed a separate application.

The matter is now out of my hands, but if you wish
to have her in the same case, you will have to file exceptions
to the order of the court of appeals before August 31, 1909. You
may also wish to have her name changed to Benthitt (the
original name).

Hon. Gibson Miller,

Special Commissioner of the Court of Claims,

Washington, D. C.

Sir:-

In 1907 I made application for participation in the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees, my application being numbered 26566. With my application was that for my minor children, of whom there were five at the time of the application. I am now advised by you that myself and four minor children have been enrolled. Please advise me whether this is correct, as if any of my children participate in this fund, all should have been enrolled, as all were born prior to the date fixed in the judgment of the Court of Claims.

Please advise fully.

On Aug. 2 last I forwarded to you exceptions to the report of Guion Miller, Esq., which report failed to enroll me as entitled to participate in the fund arising from the judgment of the Court of Claims of May 28, 1906, whereas all the other members of my family had been enrolled by said report. My mother, Rebecca Kippator was enrolled by the report under No. 22565 and I filed my exceptions as provided in the circular letter of Guion Miller, under date of June 10, 1909. Sir:-

On August 2, 1909, I filed exceptions to your report to the Court of Claims of May 28, 1909, for the reason that my name was omitted therefrom, my mother Rebecca J. Under date of July 29, 1909, you advised me to file my exceptions before August 30, 1909, which I did. I have since written the Clerk of the Court of Claims, but it seems that I cannot ascertain whether my exceptions have been passed on favorably and my name placed upon the roll.

Sir:-

Relative to your application for participation in the Eastern Cherokee Fund, kindly state where your grandfather, Sawrie, was living in 1835, giving the name of the county and state, and if living on any river, give the name of that. Also state why the names of your other ancestors through whom you claim your Cherokee descent and who were living in 1835 and 1851, do not appear on the Cherokee rolls of those dates.

Were you or any of your ancestors ever held as a slave? If so, were you or they owned by white people or Indians? Do you claim Cherokee descent through both parents? If through only one or if through both, set out separately the source of your claims, giving the full Indian and English names of each ancestor.

Did any of your ancestors ever live or affiliate with any tribe of Indians? If so, when and where, and what part (if any) did the tribe in their tribal councils?

Very respectfully,

Before
me E. D. McQueen a Notary
Public in and for said State
and county personally appeared
William Franklin Turner
who being by me duly sworn
did swear as follows,
to-wit: - I am and is
William Franklin Turner
and I have filed Eastern Chero-
kee Indian application
No. 26573.

To the best of my knowledge,
information and belief I will
state that my paternal grand-
father Lokis Dawnil in
1835 was living in Chero-
kee County, State of Georgia;
and I think he lived very near
Dallacog creek - my mother
used to go with him to the creek
and get canes to make
baskets out of. I think I
was but a small boy I
can yet remember Lokis
Dawnil, and he was a

full-blood Cherokee Indian. I won't say for certain, for it has been so long ago, but I have a faint recollection that someone told me Lepil Dawnil was a chief, or a prominent man in his tribe then. My Father was a full-blood Cherokee Indian and born in Cherokee County, Georgia.

I do not know why the names of my other of my other ancestors, through whom I claim Eastern Cherokee Indian blood, do not appear on the rolls of 1835 and 1851.

None of my ancestors, nor myself, were ever slaves or held as slaves that I ever heard of.

I claim Cherokee descent through both of my parents, as follows: -
Through my Father, ^{Franklin P. Turnar,} whose parents were Lepil Dawnil and Dincy Dooley; through

alias Dawnil

my Mother Ellenor
Turner (nee Heath) and her
parents - Lem Heath and
Nancy Dellis. These
names are spelt according
to their English sound
and pronunciation.

My Mother claimed to be
and looked like a full-blood
Cherokee Indian, and she has
sung many an Indian song
to me - she spoke both
Indian and English.

My first recollection
is of living with the Cherokee
Indians in Cherokee county,
Georgia - I was born
among them. My ances-
tors that I remember of my
own personal knowledge
who affiliated with Cherokee
Indians were Lepil Dawns,
my Mother and my Father

App. No. 26527

April 17, 1908.

Alice Williams,
Wannville, Ala.

Sir:-

Relative to your application for participation in the Eastern Cherokee Fund, kindly state why the names of your ancestors through whom you claim your Cherokee blood and who were living in 1835 and 1851, do not appear on the Cherokee rolls of those dates.

Were any of your ancestors ever held as a slave? If so, state whether ^{or they} were owned by white people or Indians. Do you claim the same descent through both parents? If through only one, or if through both, set out the source of your claims separately, giving the full Indian and English names of each ancestor.

Did any of your ancestors ever affiliate with any tribe of Indians? If so, where or there, in what part (if any) did they live? What tribal council?

Attest my hand and seal this 17th day of April.

Very respectfully,

Special Commissioner.

Alice Williams being first duly sworn, deposes
and says:

My name is Alice Williams; I live at Wannville, Ala.; I claim both through my father and mother: father's father and mother both and through mother's father and mother both. I don't know whether my father and mother and grandparents on both sides were recognized as white people or Indians and don't know whether they lived with the white people or the Indians- I never heard. I never heard of my parents or grandparents getting any money or land from the government and never heard of their being enrolled. I was living in Arkansas in 1882; I never heard of a treaty which the government made with the Indians in 1835. I never heard of my grand-parents living with the Cherokee tribe that I know of.

App. No. 36592

April 17, 1908.

John W. Honey,
Sherwood, Tenn.

Sir:-

Relative to your application for participation in the Eastern Cherokee Fund, kindly state why your name does not appear on the Eastern Cherokee roll of 1851, and why those of your ancestors through whom you claim your Cherokee blood who were living in 1835 and 1851, do not appear on the Cherokee rolls of those dates.

Were you or any of your ancestors ever held as a slave? If so, state whether you or they were owned by white people or Indians. Do you claim Cherokee descent through both parents? If through only one or if through both, set out the source of your claims separately, giving the full Indian and English names of each ancestor.

Did any of your ancestors ever live or affiliate with any tribe of Indians? If so, state where, and what part (if any) did they take in their tribal life?

An early reply will be appreciated.

Very respectfully,

Special Agent in Charge.

Sallie L. Presley,
Stevenson, Ala.

Madam:-

Relative to your application for a share in the Eastern Cherokee Fund, kindly state why the names of your ancestors through whom you claim your Cherokee blood and who were living in 1835 and 1851, do not appear on the Cherokee rolls of those dates.

Were you or any of your ancestors ever held as a slave? If so, state whether you or they were owned by white people or Indians. Do you claim Cherokee descent through both parents? If through only one or if through both, set out separately the source of your claims, giving the full Indian and English names of each ancestor.

Did any of your ancestors ever live or affiliate with any tribe of Indians? If so, when and where, and what part (if any) did they take in their tribal council?

An early reply will be appreciated.

Very respectfully,

Special Commissioner.

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand what consumers want and what problems they are facing. Once a need is identified, the next step is to develop a concept that addresses this need. This is often done through brainstorming sessions and the creation of a prototype. The third step is to create a business plan that outlines the costs of production, the pricing strategy, and the marketing plan. This plan is essential for securing funding and for guiding the development of the product. The fourth step is to manufacture the product, which involves sourcing materials, hiring workers, and setting up a production line. Finally, the product is launched into the market, and the company monitors sales and customer feedback to make any necessary adjustments.

Joseph Fairbanks,

Sir:-

Relative to your application for participation in the Eastern Cherokee Fund, kindly state why the names of your ancestors through whom you claim your Cherokee blood and who were living in 1835 and 1851 do not appear on the Cherokee rolls of those dates.

Were you or any of your ancestors ever held as a slave? If so, state whether you or they were owned by white people or Indians. Do you claim Cherokee descent through both parents? If through only one or if through both, set out the source of your claims separately, giving the full Indian and English names of each ancestor.

Did any of your ancestors ever live or affiliate with any tribe of Indians? If so, when and where, and what part (if any) did they take in their tribal councils?

All replies will be appreciated.

Very respectfully,

Special Commissioner.

My name is William Hayes. I live four miles south of
~~xxxxxxxxxxxx~~ Stevenson. I am 98 years old. I claim through
my father, his name was David Hayes. I do not know when he
was born. Some where in the community of the Cherokee Nation.
There is where I was born, among the Indians in North Carolina.
Both of my grandparents on my father's side had Indian blood.
My great grandfather was named Joe Hayes. My Indian blood

came through him. My great grandfather was connected with the
Indians. My father and I did not take part in tribal proceed-
ings. I was only about 14 or 15 when we moved away from the
Cherokees. My father and the whole family moved away and came
to Tenn. He never lived with them again. He went back there
several times and visited the old Cherokee friends he lived
among the white people then.

The Indians came around to see us. The ones that claimed kin
to us. My father and I never got any money or land from the
Government on account of our Indian blood. I do not remember
anything about a treaty with the Indians in 1835. I remember
when the Indians left that part of the country. I was probably
33 or 34 years old. He did not go with them because my mother
opposed it so much. I had a sister that went with them. My
mother opposed it and said all that came under the laws of
the Government could stay. We were always considered to be
part Indians. They did not force anybody to go.

Father would have stayed in the Nation only mother said if she
stayed in the Nation, they would have to go to Arkansas, so
father moved down here in Tenn. to keep from going with the
Cherokees. My second sister married a half breed and went with
them. My home in those mountains where I was raised there were
good many Cherokees who came under the United States Govt.
laws and stayed there. I mean they became citizens of the
United States. Then my father came down in Tenn. he came under
the laws. I do not know whether he voted in Tenn. then or not.
I never heard of my father being enrolled with the Cherokees.
I was never enrolled with the Cherokees. I do not know why
I was never enrolled with them. I never have tried to be
enrolled before. I do not know why I have never tried. I
do not hear anything about it. I think my father left before
the treaty was made; that is my understanding from him. The
reason why he moved out, was to get under the laws of Tenn, so
he could not have to go West.

I can talk Cherokee now. I used to talk Cherokee all the
time.

I know some old Cherokees around here. I know old Mr.
Edworth who lives in the mountains. He was about a half breed.
I don't tell his given name now. Randolph H. Edworth
(#29544-25564) is a descendant of the old man.

I am acquainted with Mrs. Bryant. Her father and great
grandfather came right from Cherokee Nation. Old Cormie Gay
was her father.
